**KETT**

**WE MAKE THE CUT!**

# PNEUMATIC SHEARS FOR FIBER-CEMENT APPLICATIONS

**Smooth cutting pneumatic shears leave a clean waste curl with no airborne dust.**

## Six Reliable Pneumatic Fiber-Cement Shears

Now you can cut fiber-cement siding, board, and backer board fast and easy with Kett's portable Fiber-Cement Shears. You'll not have the problem of airborne dust from sawing. And no dangerous utility knives are needed anymore. Siding cuts with a clean waste curl.

Kett makes these powerful Fiber-Cement Shears in your choice of six pneumatic models. Select a lightweight aluminum head or rugged steel shear head in either pistol grip or straight handle versions. All Kett Pneumatic Fiber-Cement Shears give you the advantage of variable speeds and long lasting A-2 tool steel blades. They last far longer and cut cleaner than expensive carbide tipped saw blades.

**Model P-592**  
Pistol Grip with Aluminum Shear Head

Also available...  
**Model P-1092**  
Straight Handle with Aluminum Shear Head

**Model P-1093**  
Straight Handle with Steel Shear Head

# ELECTRIC SHEARS FOR FIBER-CEMENT CUTTING

## Model KD-292

Electric Shear Aluminum Cutting Head, 5.0 amps  
Also available, Model KD-292C with Contour Blade.

## Model KC-193

Electric Variable-Speed Steel Head Shear  
5.5 amps

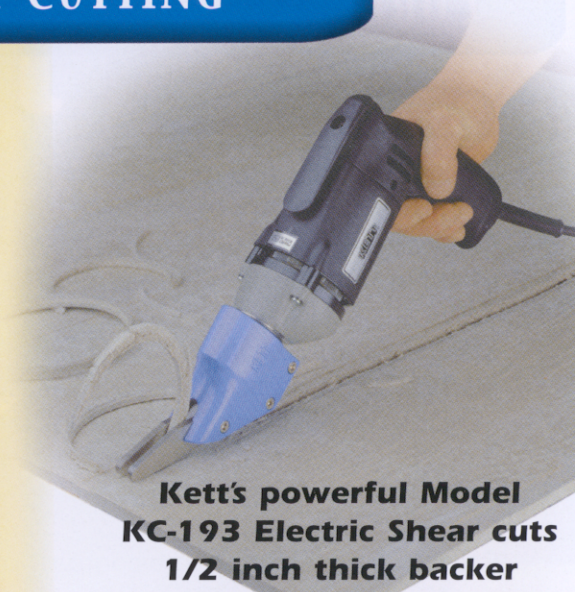

## Model KB-392-K

Included in Battery Powered Cordless Shear Kit  
Equipped with Aluminum Shear Head

## Model KB-392C-K

Battery Powered Cordless Shear Kit with Contour Shear Head

**Kett's powerful Model KC-193 Electric Shear cuts 1/2 inch thick backer board with ease. No mess to clean up.**

## Two Powerful Electric Fiber-Cement Shears

You can choose from two portable Kett Electric Fiber-Cement Shears. Select the Single Speed 5.0 amp model with the aluminum cutting head. Or, choose the 5.5 amp Variable-Speed model with heavy duty steel shear head. These reliable Kett Fiber-Cement Shears provide fast cutting with no airborne dust and minimal clean-up. The long lasting tool steel blades save substantially over the cost of any other cutting method.

## SPECIFICATIONS

Model	Head	Cutting Capacity	Motor	Max. RPM	Power/Source	Length	Weight
<b>KD-292</b>	92-20	1/2" cement board	253-55	2500RPM	120 volt/5.0 amp	14"	4 1/2 lbs.
<b>KD-292C</b>	92-20C	3/8" cement board	253-55	2500RPM	120 volt/5.0 amp	14"	4 1/2 lbs.
<b>KC-193</b>	93-20	1/2" cement board	253-42	2500RPM	120 volt/5.5 amp	14"	5 lbs.
<b>KB-392K</b>	92-20	1/2" cement board	14.4 volt	2300SPM	NiCad Battery Pack (Included)	12 3/4"	7 lbs.
<b>KB-392C-K</b>	92-20C	3/8" cement board contour cutting	14.4 volt	2300SPM	NiCad Battery Pack (Included)	12 3/4"	7 lbs.

## Two Powerful Cordless Fiber-Cement Shears

Kett 14.4 volt battery powered Fiber-Cement Shear Kits give you complete freedom at the job site. No power cord needed. Strong yet light weight aluminum cutting heads keep weight down to only 7.0 lbs. Custom carrying case holds Shears, charger, and has room for an optional extra NiCad battery.

## CORDLESS FIBER-CEMENT SHEARS FOR DUST-FREE CUTTING

No matter where you are working, Kett's Cordless Fiber-Cement Shears can save you time and money. The large double-cut tool steel blades of Kett's Model KB-392-K Shears power through 1/2" fiber-cement board with no dust and leave a clean smooth edge to aid installation.

Make contour cuts in 3/8" fiber-cement board with Kett's KB-392C-K Cordless model. These easy to maneuver Power Shears let you cut archs, or make cut-outs for ducts or pipes in a single cut. A neat waste curl means no messy cleanup or edges to sand or finish.

Each tool kit comes with a compact portable carrying case.

**Contour cutting with  
92-20C Shear Head**

## CONVERT YOUR KETT SHEARS FOR FIBER-CEMENT CUTTING

### **Kett Complete Shear Heads Let You Quickly Convert Your Existing Kett Shear for Fiber-Cement Cutting.**

If you presently use a Kett Shear and occasionally need to cut fiber-cement board or siding, you can purchase a complete Shear Head to fit your existing Kett tool.

Specify Aluminum Head Model 92-20 for single-speed, on-off models. Choose Blue Steel Head Model 93-20 for variable-speed shears only.

Changeover only takes minutes. These complete Shear Heads contain all you need to quickly convert your Kett Shear to fiber-cement cutting, then back again.

**Model 92-20**

**Aluminum Head for  
single-speed tools.**

**Model 93-20**

**Blue Steel Head for  
variable-speed tools.**
